

Message from Chair of General Assembly

Dear alumni,

Three years of wind and rain, running into the heart, together we treasure.

Three years of story, lingering in the mind, jointly we remember.

Very happy to witness the 10th anniversary of USJ Alumni Association.

In the past ten years, friendship among alumni has deepened. In those years, our Alumni Association has made great progress. AAUSJ after ten years of accumulation, now we have more than 1400 alumni. We study together, we discuss the development of life, career and family, We build the dream of Macau, we bring about harmony!

Here is the cradle of business elites.

Here is the home of the coexistence and win-win.

Here is the dojo of dependency in heart.

Here is the service platform of society.

Reviewing the past, we used to be a leaf canoe, still in heart there is vast sea. Stepping on the new journey, we will cross the sea with vigour, in our lives is boldness of vision.

Deeply bless the AAUSJ the 10th anniversary.

Bless all of our schoolmates.

Frank Li
