Dear alumni and friends,

It is my honor to be elected to be the President of the Executive Committee and to have the opportunity to work with other members for the Alumni Association.

Thanks for the hard work of the former committee members, the association has done so much for the welfare of students and USJ. They have done enough to successfully drawn the attention of many former graduates of USJ and built up a USJ network amongst us graduates. Therefore here we are tonight to celebrate the 10th anniversary of the Alumni Association. How wonderful it is!

USJ has never been a big university and so does the alumni association. We do not have a large number of members yet, but we will in the next 10 years! We should always keep in mind that the number of participants joining us here and now is not important; it is what we can do for the members, for USJ and for the community that matters.

To face the challenges ahead, we need your continued support and let's join hands together to make things happened!

Joyce Tang
