SAINT JOSEPH

# Design Bootcamp

## School Reconstruction

Robert Wong | Dominic Choi

Sérgio Spencer | Gonçalo Menezes | Susana Canarias

### ABOUT THE EVENT

Based on the assessment mission's report ASF-M board decided to prioritize the construction of a 2-classroom building which will house a class of Grade Five and a Kindergarten in Punta Cogon barangay. This school serves 186 students – K2 to Grade 6 – from a community whose main income comes from survival fisheries. The new building design will follow the typical 2-classroom project issued by the Philippine Government and will incorporate additional improvements that will result from this design bootcamp.

### ABOUT THE SPEAKER

Robert ,Wong Kin Ming, Founder & Director of IDEA  
Dominic, Chi lok Choi, President of ASF-Macau
