Credit Recognition

Modules taken during an exchange programme might not have the exact name and content of those offered in USJ. As long as your Programme Coordinator approves of them, there is typically no issue when it comes to their recognition.

Please take into consideration that the names that will appear in your USJ study plan are the USJ module names instead of the Host Institution module names.

Language courses that are not available at the Host Institution will have to be taken at USJ once you return from the exchange programme abroad.

Please refer to the OutEx Guide for more information!

Please contact us at exchange@usj.edu.mo if you have any queries ☺
